## From the Principal's Desk

The quarter July-September 2023 has been very busy, eventful and happening for the students and the teachers alike. The festivals like Raksha Bandhan and Janmashtami were celebrated, special assemblies were held for the special days like the Independence Day and Teachers' Day. A few workshops and seminars were also conducted. The students did remarkably well with their teachers' guidance.

On the academic front, I am pleased to notice that in half-yearly exam the students honestly tried to do better. However, there is always scope of improvement. Presenting herein the glimpses and the literature about the events happened in the quarter July-September.

Many more graceful events to come in the months ahead, right here at UCSKM.

Special thanks to the parents for their support and encouragement.

Best regards

Dr. Prabhat Kaushik

A road safety awareness and training workshop was held in the school on August 7, 2023. It was really a very interactive session with Mr. Ashok Kumar, the trainer Traffic Police, Bhiwadi. He told the students about the safety rules which everyone must follow for their well-being. Not only he explained the rules but also asked us to follow them so that awareness and sense of security may be created. The way of explanation by Ashok sir was very impressive and convincing. He also explained us the rights which we have, as a citizen of a democratic India. He asked us to carry all the important documents and equipment while driving, in order to avoid violation of rules. He made his interaction better by asking us a few questions to check our general knowledge on this topic. The best thing during this workshop which I feel was that he asked us to create general awareness among people to prevent all the unfortunate and sudden accidents. An oath was administered for the drivers and the conductors to obey the traffic rules. The Principal sir Dr. Prabhat Kaushik and the Transport incharge Mr. Ramkumar were present during the workshop. The workshop was really extraordinary as well as important for us. I am really thankful to my school UCSKM to give us an opportunity to be a part of this wonderful session.

Thank you.

She is so excited to go to the school that it amazes me every morning and it is absolutely zero effort for me. This enthusiasm can definitely be credited majorly to the entire UCSKM family and the environment of the school.
