MESSAGE FROM THE PRINCIPAL ON SILVER JUBILEE CELEBRATIONS

"Every Generation Needs Regeneration"

There was no respect for youth,
when I was young, and now that I
am old, there is no respect for age
I missed it coming and going.

In a nutshell, our generation may be termed as the 'sandwich generation' because they were always careful and responsible to their parents; parents were not bothered much for our career and future whereas now we are always in a mindset of ensuring the best for our kids despite knowing that this generation is not too worried for us.

In the current era we all are passing through a difficult time. As kids, we were always taught to be careful for others' emotions and respect, especially to our elders, not only in the family but also in the whole community. It used to be a daily routine for us to take care of everyone around us. There were numerous occasions where someone used to correct us; even the neighbours who were our extended families, had the right to check us through hard ways and punishments. Our parents always supported the person who checked us for the right cause. The good thing we had realised later in life was that the process of correcting us in childhood was quite useful and scientific, as we were being inadvertently trained to deal with stress and ego. We were being raised in a society, by the society and for the society in a righteous manner as the feeling of being together was imbibed day in and day out by crushing our egos early in life. The qualities of stress management, managing people around us, tolerance and not shying away from taking help in case of need were the few outputs of such parenting. In contrast to our childhood, if we analyse the current scenario wherein most kids are being raised in isolation, they are full of ego with a selfish and 'myself' attitude. They grow weak, because of not being social, not being available to family and each other in good and bad times. No one seems to have the authority to correct the wrong doings of children, including those who are supposed to take ownership of raising strong and well behaved children. In some cases, including parents, teachers, grandparents, uncles, aunts, cousins and even siblings nowadays, are unable to suggest corrections. The attitude of 'me/ myself' and 'no one else', seems to replace the philosophy of being in, by and for the society.

Unfortunately, children are being raised in isolation with an abundance of pampering, resulting in feeble mindsets. The children raised in such an environment cannot learn to take care of themselves and the people around them, including their own grandparents and parents. The sad part is they have no one to look upon in crisis.

However, it is important for us to be in such a slot, to raise responsible citizens for our society.

It is the reality of the present scenario and I have taken the responsibility of developing FEARLESS, SELF DISCIPLINED AND EGO-FREE STUDENTS.

A NUCLEAR FAMILY consists of the following ELEMENTS:

NEUTRON: NEUTRAL : WITHOUT ANY CHARGE i.e. THE CHILD

PROTON: POSITIVELY CHARGED : i.e. mummy or papa

ELECTRON: NEGATIVELY CHARGED : i.e. mummy or papa

All children are neutrons at the time of birth - neutrally charged human beings who will rotate in the orbits of Parenting along with their mother and fathers, who are the carriers of positive or negative charges. The child will always be attracted to the positive charge, irrespective of the carrier, i.e., mother or father.

I request all parents to create a positive environment for the proper development of their children.

Let me tell you, no mark sheet can define the future of any child but sound character, fearlessness, self-discipline, life adjustment, a positive attitude, self trust definitely will. Hence, it is our responsibility to work on the basics to strengthen and develop the young generation.

“उम्र दराज मांग कर लाए थे दिन चार

दो को TV ले गया और दो ले लिए MOBILE ने”.

Excessive use of mobile phones, TV and computers exposes your children to social media. The use of gadgets affects eyesight, whereas exposure to social media impairs their perspectives in life. Eye sight can be corrected by medical aids, but thinking and analytic approach cannot be changed.

We must accept reality and take an exit from the virtual world. It is essential to have an optimistic bent of mind for the sound and healthy development of the child.

I request all the parents, CHILD CARE providers to exclude the word “CLAPPING” from their ‘PARENTING DICTIONARIES’. For me, the word “CLAPPING” is:

C = COMPARE (NO COMPARISON)

L = LABELLING (AVOID LABELLING)

A = ASPIRATIONS (UNREALISTIC) (EXPECTATIONS REDUCE THE JOY OF LIFE)

P = PUNITIVE HABIT

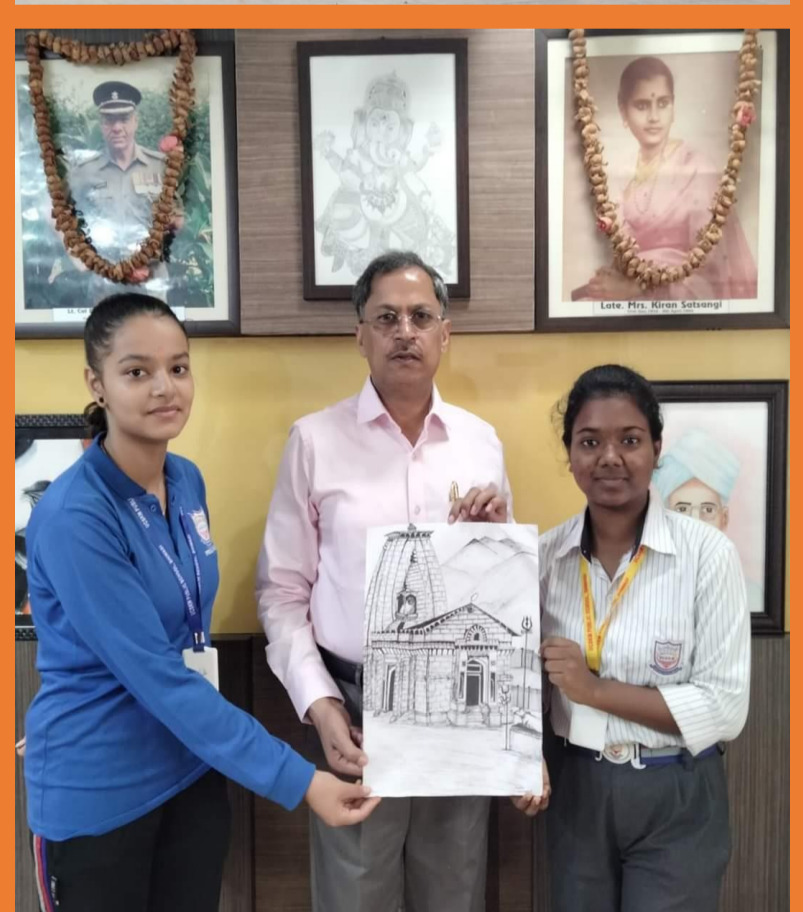

P =PUNISHMENTS NEVER IMPROVE OTHERWISE POLICE STATIONS WOULD HAVE BEEN CLOSED LONG AGO

If you will continue your ‘CLAPPING’, our children will develop the following characters:

I = Immature, ignorant and impatient

N = notorious, nervous and negligent

G = grudge, grumpy, graceless

Instead of 'CLAPPING' give your child the 'SLAPPING'. It means;

S = SUPPORT

L = LOVE

A = ASSURANCE

P = PRAISE

SLAP (SUPPORTIVE, LOVING, FULL OF ASSURANCE and PRAISEWORTHY) will enhance positivity in children.

Further, if I add ING to the word SLAP children will become

P = PATIENT (Remain calm and not get angry)

I = IMPRESSIVE, INTELLIGENT AND INNOVATIVE

N = NOURISHING, NURTURED

G = GENTLE

'As we sow, so shall we reap'.

I promise that each and every student of UCSKM will be successful in his/her life.

“जहां मैं अक्ल बनेगा

आज नहीं तो कल बनेगा”

Patience is the key to success. Our children will be successful in some profession according to their hidden potential. We cannot force a career on them.

It is an open fact that everyone's life is full of stress these days. We can only sail through this stressful period if we join hands. I have been conveying these messages during my evening sessions with parents for last 3 years. I am happy to share that my sessions have brought positive changes in the life styles of some parents along with their children.

A family that used to fight everyday for every trivial issues, now they have started reciting Sunderkand. Thus, the Mahabharat in their life came to a happy ending.

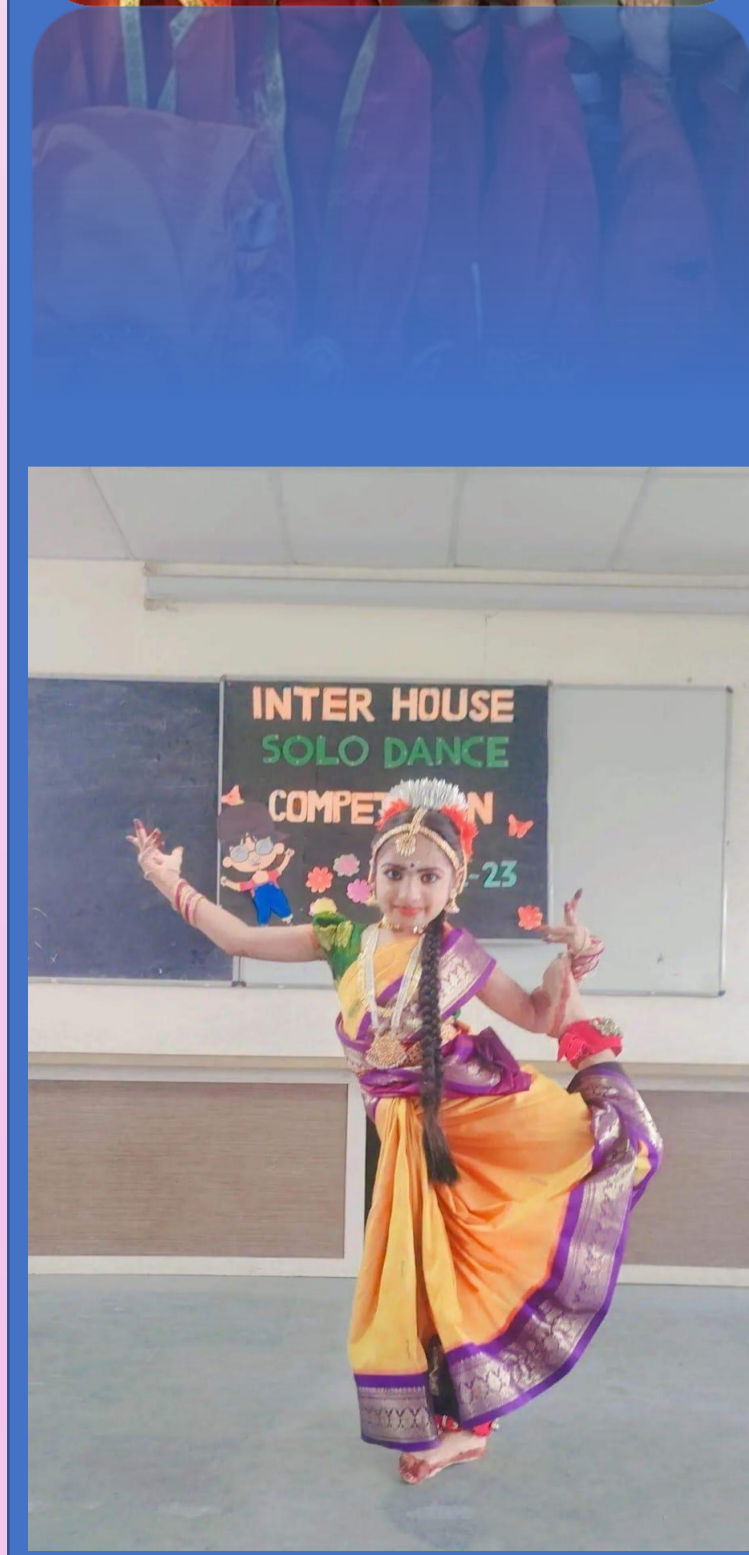

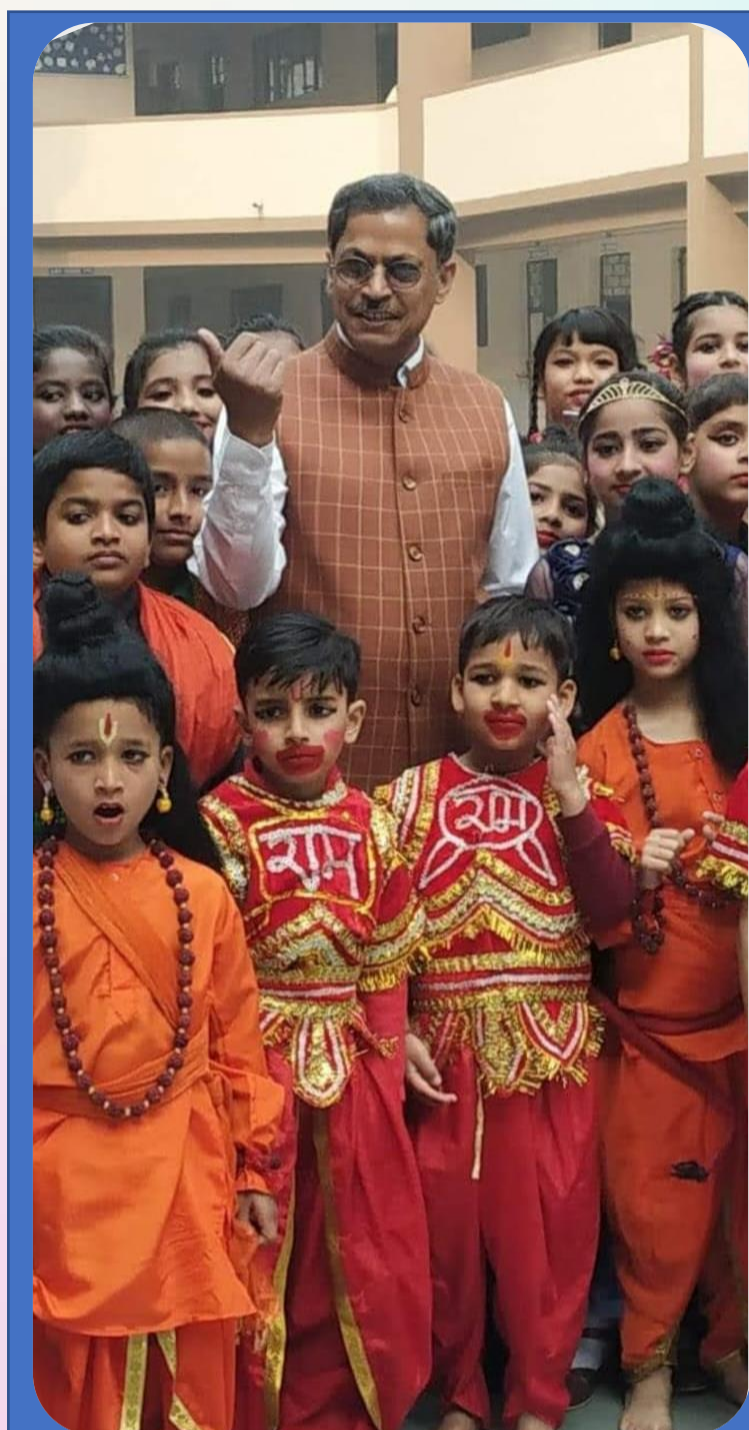

A RESEARCH in the newspaper has proven some facts that I have been sharing with you for the last 25 years.

1. DINNER THERAPY: To reduce tension, one must have dinner with their family everyday. One must discuss and listen to each other during this meal. This can also be done via video call if family members are far away.
2. Parents often object when their children play in the mud as it spoils their clothes. Please don't stop your kids from playing in the mud because it helps them to build immunity.
3. Bad habits should be checked and changed immediately as a delay in this would lead to bad times in your child's life.
4. Children love to play video games but this bad habit often leads to harmful physical and psychological problems.

I would end by informing you that my students at UCSKM are GAINFULLY and CREATIVELY ENGAGED.

Let's all join hands to keep our children on the right path.

Thank you.

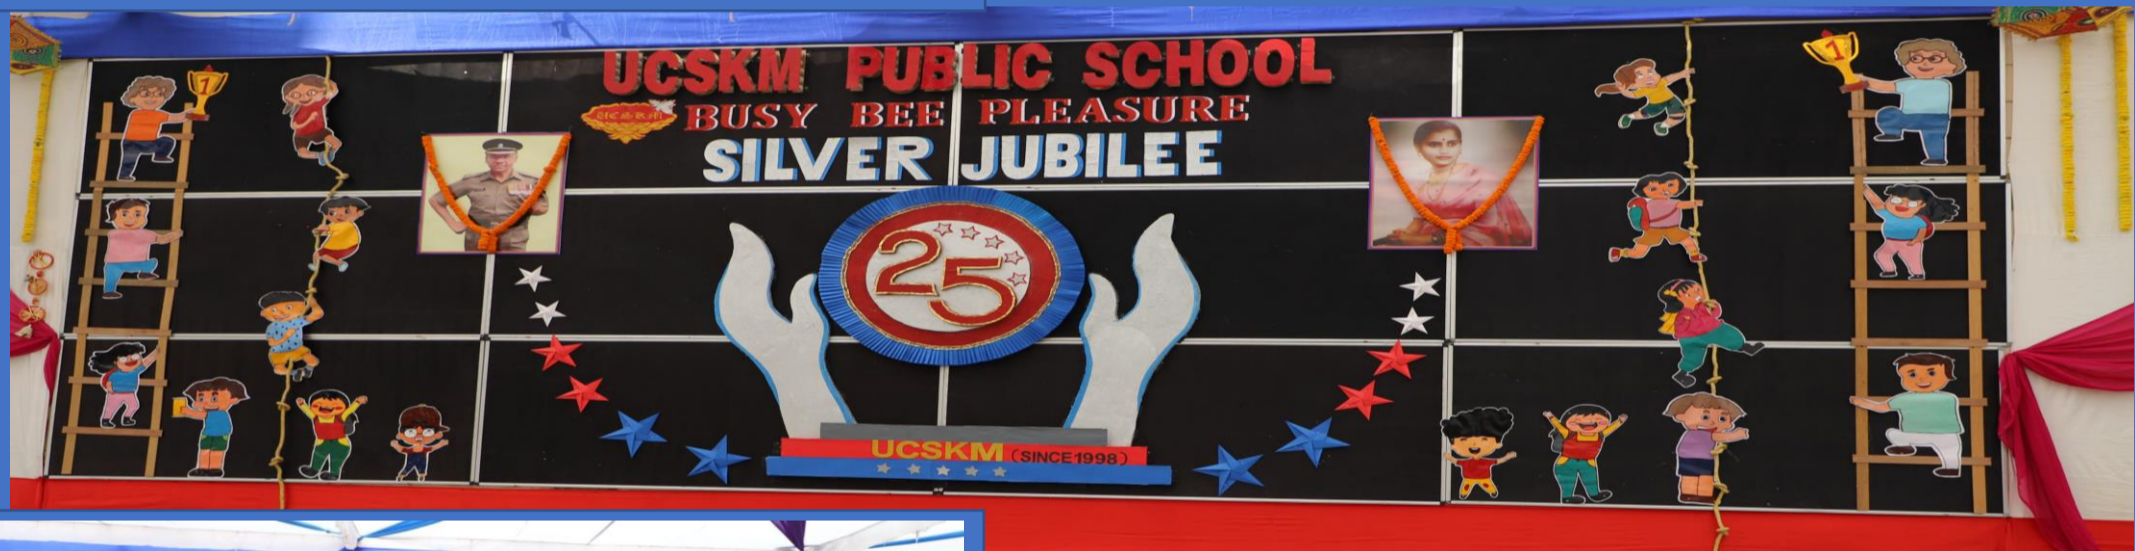

20 अक्टूबर 2022 गुरुवार को यूसीएसकेएम पब्लिक स्कूल में भारतीय संस्कृति ज्ञान परीक्षा आयोजित हुई। जिससे हमें हमारे भारत की संस्कृति के बारे में ज्ञान प्राप्त हुआ। यह ज्ञान हमारे जीवन में बहुत महत्वपूर्ण है। भारत की संस्कृति के बारे में जानकार हम यूपीएससी जैसी परीक्षाएं भी पास कर सकते हैं जिससे हमारा भविष्य उज्ज्वल हो सकता है। इस परीक्षा से हमें भारत की प्राकृतिक ऐतिहासिक एवं सांस्कृतिक विरासत का ज्ञान प्राप्त हुआ। आजकल के युवा भारत की संस्कृति को भूलते जा रहे हैं परंतु यूसीएसकेएम पब्लिक स्कूल ने इस परीक्षा के माध्यम से अपने देश की संस्कृति के बारे में जानकारी प्राप्त कराई। हमें प्राचीन समय के लोगों के रहन-सहन, खान-पान आदि के बारे में ज्ञान प्राप्त हुआ। इस ज्ञान प्राप्ति में हमारे माननीय प्रिंसिपल डॉ प्रभात कौशिक का बहुत बड़ा योगदान है। उन्होंने हमारे ज्ञान व कला को बढ़ावा देने के लिए विशेष अतिथियों को भी आमंत्रित किया।

अवनी गर्ग

दसवीं (अर्थ)

On October 16th, our school celebrated its 25 years of providing quality education to students. So far, the school has rapidly grown towards the sky, but when we look back, our principle to induce self-discipline, innovative bent of mind and developing skills to work hard amongst the students in order to make them successful remain the same. The school was fully decorated by the students themselves; the painted walls, the artefacts, the stage, the selfie points, and the working and non-working models in exhibition reflected the focused group coordination of the participants. Our students, accompanied by teachers, did everything that was possible to embellish the school. Events like the science exhibition, Diwali mela, and stage performances left everyone with a thousand memories to remember the silver jubilee celebrations.

FOOTBALL TOURNAMENT

On November 5th, our school participated in the 66th football tournament hosted by Presidency International School. There were 12 teams in the knockout tournament. Our school competed against Presidency International School, Bhiwadi, and St. Ansalem School, Alwar. Team UCSKM won both matches by scores of 2-0 and 3-0 and qualified for the finals by defeating RPS Behrode by a score of 2-0 in the semi-finals. In the finals, we defeated VLM School by a score of 1-0. Our coach, Mr. Praveen, was overjoyed to win the finals. Our happiness knew no bounds when the state selection committee selected five students (Rajeev, Lokesh, Ghanshyam, Roshan, and Arpit) from our school for state tournaments.

Amazing School Picnic

Our School organised a picnic for the classes VI to XII th on 29 th of November. The school buses, fully packed with students and teachers headed for Pratapgarh farms ,Jhajjhar. The students were extremely excited to reach the destination. All the students kept singing songs in the bus till they reached the venue.

Students and teachers were welcomed by applying' Tilak'on their foreheads. After entering the gate, we all were served with breakfast of poori sabzi, paratha, and jalebi. Some local dishes like bazara khichri , saag with Makki roti were also offered.

Pratapgarh Farm was a mix of tradition, natural beauty and adventure. Emu, Rabbits, Goats and Hamster were a few animals that we saw. Exciting rides and games filled the day with fun.

The most fun filled event was DJ dance. All the students danced on the floor with great energy on the thumping dance numbers. Even teachers could not resist the luring temptation of the dance floor.

The beauty of nature was refreshing. Flowers and plants gave Pratapgarh an alluring atmosphere.

After a tiring morning, we all headed for lunch. We all relished the multicuisine food . We enjoyed the food, the dance and the music . Camel riding was really pleasant. Various forms of art such as pottery ,mehndi etc were cherished. Although we were not ready to leave, we had to.

The school buses started homeward journey at about 4 p.m. and reached school by 6.30pm .The parents had been waiting for their children.

All we could say that it was a memorable day. We will always remember it.

Bhoomi Saraswat
VIII Venus

Our school organized a trip to Pratapgarh Farms, in Jhajjhar for classes 1 to 5 on November 30. We, the students, along with our teachers sang a lot of songs on the way to our destination. We were greeted traditionally, with dhol and tilak. First, we ate traditional Haryana cuisine for breakfast. Then we enjoyed camel ride and boating. We got a sense of our village life while doing tractor ride, pot making, and chakki grinding. We also saw some traditional huts. We also went to a botanical garden and an agricultural garden, where we learnt about various plants as well as sowing, ploughing, and other agricultural practices. We also visited the Adventure Zone and Sports Zone, which included a tyre tunnel, a block swing, a commando net, a trampoline, and other outdoor games. We even played indoor games such as chess and carrom. Our teachers clicked lots of pictures to capture sweet joyful memories for us. At last, we had lunch, which was really delicious. It was a real fun filled day. I am thankful to our principal Sir, for organizing such a wonderful trip.

Vidhik Jagrukta Shivar(Legal Awareness Workshop)

A Vidhik Jagrukta Shivar(Legal Awareness Camp) was organised on November 17 in the Activitiy room. The students of classes 11th and 12th attended it. The event began with the lighting of an auspicious lamp. Advocates from the Bhiwadi court gave the children information regarding their legal rights. Advocate Arti told us about CLAT exams and the provisions of the POCSO Act.

She emphasised that the children must learn to be expressive. They should be aware and alert about their rights. There is no need to tolerate any exploitation and if the students are facing any problem or exploitation, they should immediately talk to their parents and teachers without any hesitation. The children may also contact police or any other child helpline agency so that action may be taken timely. The children should always raise their voice against any type of mental or physical abuse.

The workshop was very informative and children came to know things that can help them in future. At last Madam Navneeta Sharma extended a Vote of Thanks to the guests and assured the children that they are not alone. She said that the society needs brave volunteers who can raise voice against crime. The guests appreciated the arrangements that had been made on a short notice.

Christmas Celebrations

On the 24th of December, a special assembly was organised in our school to celebrate Christmas.

The board was decorated beautifully with flowers, lights and posters. The students and teachers were all excited about the celebration. The ceremony began with a prayer and was followed by a series of programmes. Mesmerising performances like song and dances were given by students of primary and middle wing. The delightful celebration included children dressed in red and white with santa caps added a charm to the festive atmosphere. There was also a singing performance by the students of classes 7th and 8th. It was a mashup of 3 different songs and at the end of the assembly our Head Mistress, Mrs Lalita Pandit wished us a merry Christmas. Our celebration came to an end after decorating our class boards. It was really a great experience for us.

Students' input

एक दिन मुझे भी उड़ना है।

देखे हैं सौ खाब उड़ने के,
उनको पूरा करना है।

एक दिन मुझे भी उड़ना है।

दिखा दूँगी दुनिया को कि,
मैं भी कुछ कर सकती हूँ।
इस दुनिया की हर मुश्किल को,
मैं भी हल कर सकती हूँ।

इच्छा को करना साकार,

नहीं भले ही है आसान।

मुश्किल कितनी भी आ जाएँ,

उन सब को मैं पीछे छोड़

कर अपने सपने साकार।

आगे-आगे बढ़ना हैं।

एक दिन मुझे भी उड़ना है। (x2)

"कामयाबी का रास्ता"

डरना क्यों है हार से

हार से तो जीत जाना है।

कामयाबी के रास्ते में

किस्मत से लड़ जाना है।

गिरने से घबराओ मत

गिर कर फिर उठ जाना है

हार जाओ तो मायूस न हो

एक दिन सफल हो जाना है।

जिद है मेरी इस जीवन में

कुछ करके दिखाना है

मुझे असंभव नामक शब्द को

दुनिया से मिटाना है।

मान लो तो हार है

ठान लो तो जीत,

सफल होकर ही दिखाना है

बस यही मेरे जीवन का गीत है।

(शुभांगी रस्तोगी कक्षा -दसवीं अर्थ)

"बादल की छम- छम और हम"

आज गरज रहे हैं,

और हम सब क्लास में चुपचाप बैठकर पढ़ रहे हैं।

खिड़की से बाहर झाँक रहे हैं,

मन हमारे नाच रहे हैं।

जैसे- जैसे बारिश की हल्की- हल्की बुंदें हम पर पड़ रही हैं,

मन हमारे थिरक रहे हैं।

बारिश का पानी भर रहा है,

बचपन की यादें ताज़ा करने का मन कर रहा है,

पानी में आज नाव चलाने का मन कर रहा है।

हवाएँ खिड़कियां बंद कर रही हैं,

लग रहा है सबको बाहर बुला रही हैं।

बादल गरज कर हमसे कुछ कहना चाह रहे हैं,

ऐसा लग रहा है बरस कर हमें बाहर बुला रहे हैं।

सीढ़ियों से पानी बह रहा है,

ऐसा लग रहा है हर कुछ कह रहा है।

टीचर्स आकर पढ़ा रहे हैं

हम मन में अपने प्लान बना रहे हैं,

आज घर पानी में छप- छप करते जाएंगे,

आज पापा के साथ भुट्टा खाएंगे।

आज घर थोड़ी जल्दी जाएंगे

अगर बारिश रुक गई,

तो सारे अरमान रखे रह जाएंगे।

निधि शर्मा

NATURE

Close your eyes and you can see
the way world's supposed to be
Sunrise on a clear blue sky
Fields of daisies, soft butterflies

Tall tree leaves glistening with dew
Streams and rivers flowing thru
Bird singing and flying high
Gentle breezes with cloudless skies

Snow caps on the mountain tops
Valleys of greens that never stop
Ocean waves and pure white sand
Animal grazing on the land

Feel the wind in your hair
Smell the flowers, Blooms
everywhere
See the beauty, today is new
Enjoy nature, God's give to you

Memories

Sometimes u haunt me
sometimes u drive me
crazy...

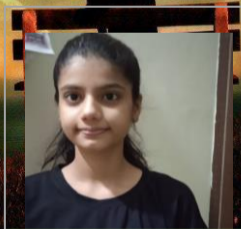

Beneath the going present
and future u hold me back or
should I say push me do
become better than ever.

U are pain or the pleasure
well one day I definitely want
a closure

I am trying and crying
whether the rosy pleasure
or stony hurdles you are all
mine.

With Hues of happiness,
splashes of sorrow you are
the one who help me to
grow.

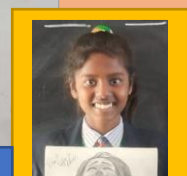

aren't mine now or should I
say forever mine?

PARENT'S FEEDBACK

I am really grateful to all the lovely, experienced, well-knowledged teachers and school for providing the best education with the best curriculum for my daughter's overall development. Sincere gratitude and appreciation for your best efforts in inculcating strong values and ethics in my kid. I would really like to appreciate the concept of language development methods because they motivate small kids to speak up and improve self-confidence. My kid is growing up with your best education methods. You provide academic and extracurricular activities. Many thanks again to the teachers, the Principal Sir, and the school. I am proud to be UCSKMian's parent.

Thank you
Mother of Purwank Saini (V Earth)

My daughter got admission in UCSKM school and then I got relieved because of their well planned and executed study system and personality development. We admire their extra effort by providing Online evening doubt classes. Principal sir never fails to co-operate with us and his tremendous humbleness amaze us.

This school is safest in the vicinity. I salute their thought of creating self-disciplined children. I am thankful to Principal sir and all the staff there for their extra measures taken for bright future of child.

Soni kumari
Parent of Parthivi
VI ME

UCSKM is a place where PLEASURE is given in place of PRESSURE not only to the students, but also to the parents ,teachers and their families. In recent event of Silver Jubilee celebrations of UCSKM this was observed very clearly.The entire event was beautifully managed and organized amidst a huge crowd which was unbelievable. All credit goes to the Principal ,Dr Prabhat Kaushik and the whole UCSKM family.

No doubt that the team UCSKM is wonderfully blessed by a great mentor. Simply one line is more than enough to state that this is the school who nurtures not only the students but the entire society. The students are making National records day by day. This school is one of the best example in the vicinity.
